

Session Program

26-29 Jun 2017

EUROPEAN STEEL TECHNOLOGY AND APPLICATION DAYS 2017 - ESTAD 2017

Surface Technologies

Tuesday 27 June

14:00

Surface Technologies

Session | **Location:** Room 2.91

14:00–14:20

Performance supervision of automatic surface inspection systems

Speaker

Mr Jens Brandenburger

14:20–14:40

Process parameters for the production of steel roll-bonded multilayer plates and strips

Speaker

Mr Matteo Caruso

14:40–15:00

Hot flat product surface inspection - Latest developments

Speaker

Mr Afchine Nasserian

15:00–15:20

Automatic surface inspection in steel products ensures safe, cost efficient and timely defect detection in production

Speaker

Mr Marco Appio

15:20
