

Session Program

26-29 Jun 2017

9th ECCC European Continuous Casting Conference - ECCC 2017

Mold flux technology I

Austria Center Vienna
Bruno-Kreisky-Platz 1 1020 Vienna Austria

Wednesday 28 June

13:50

Mold flux technology I

Session | **Location:** Austria Center Vienna, Room L8, Bruno-Kreisky-Platz 1 1020 Vienna Austria | **Convener:** Dr Jan Kromhout

13:50-14:20

Innovative ideas for successful continuous casting of high aluminum AHSS

Speaker

Mr Jung-Wook Cho

14:20-14:40

A reaction mechanism and model for the composition change of mold flux during continuous casting of high Al steel

Speaker

Mr Youn-Bae Kang

15:00-15:20

Slag entrapment behavior of molten mold flux technology

Speaker

Mr Shin Yoo

15:20-15:40

Smart mold flux of dual viscous functions for good lubrication and prevention of slag entrainment in a continuous steel caster mold

Speaker

Prof. Jung Wook Cho

15:40
