

Session Program

25-27 Apr 2022

**12th Tooling Conference & Exhibition -
Tooling 2022**

***Tool Steel Production, Processing, Machining
& Polishing***

Conventum Conference Center
Olof Palmes torg 1, 702 22 Örebro, Sweden

Wednesday 27 April

09:10

Tool Steel Production, Processing, Machining & Polishing

Session | **Location:** TUNNBINDAREN | **Convener:** Bojan Podgornik

09:10–09:30

Analysis of the machining process in HVOF coating for Aluminum Die Casting Mold

Speaker

Anderson G. M. Pukasiewicz

09:30–09:50

Effect of the slag composition on the process behavior, energy consumption and non-metallic inclusions during electro-slag-remelting

Speaker

Mr Valentin Wiesinger

09:50–10:10

Abrasive wear mechanism based interactive friction model for machining

Speaker

Mozammel Mia

10:10
