

Session Program

25-27 Apr 2022

12th Tooling Conference & Exhibition - Tooling 2022

Digitalization in the Tool Steel & Toolmaking Industries

Conventum Conference Center
Olof Palmes torg 1, 702 22 Örebro, Sweden

Monday 25 April

14:10

Digitalization in the Tool Steel & Toolmaking Industries

Session | **Location:** TUNNBINDAREN | **Convener:** Jens Bergström

14:10–14:30

Ontology for heterogeneous manufacturing technologies in tooling

Speaker

Sebastian Weber

14:30–14:50

Fixture devices monitoring to machining condition optimization

Speaker

Mr Felipe Alves de Oliveira Perroni

14:50–15:10

A knowledge based framework to design and analyze metal working die using image processing technique

Speaker

Dr Mallika Bhatt

15:10
