

## **Session Program**

**12-13 Mar 2026**

# **3rd International Workshop Surface quality of continuously cast products - IWSQ-3**

## **FLUID FLOW IN SEN AND MOLD: SIMULATION AND MEASUREMENTS**

Hotel Weitzer Graz  
Grieskai 12/14, 8020 Graz

## Thursday 12 March

15:40

### FLUID FLOW IN SEN AND MOLD: SIMULATION AND MEASUREMENTS

**Session** | **Location:** Hotel Weitzer Graz, Grieskai 12/14, 8020 Graz | **Convener:** Carlo Mapelli

15:40–16:05

#### Continuous Casting Mold Flow with Original and Used Nozzle Geometries: Numerical Flow Simulations and Water Model Measurements

**Speaker**

Mirko Javurek

16:05–16:30

#### Ways to study fluid flow in the mould - The application of Simulation Technology and Supplementary Tools for SEN Design Characterization and its Development

**Speaker**

Gernot Hackl

16:30–16:55

#### State of the art on Measurement and Simulation of flow in the mould durch CC

**Speaker**

Pawel Ramirez Lopez

16:55–17:20 **to be announced**

**Speaker**

Alma Olivos-Suarez

17:20
