

Session Program

20-26 Oct 2026

International Conference on Thermo Mechanical Processing - TMP 2026

Plenary Talk(s)

Austria Trend Parkhotel Schönbrunn
Hietzinger Hauptstraße 10, 1130 Wien

Tuesday 20 October

14:00

Plenary Talk(s)

Session | **Location:** Room Österreich

14:00–14:30

Niobium effects on thermo-mechanical processes: It takes two to tango

Speakers

Dr RAFAEL MESQUITA, FABIO D AIUTO

14:30–15:00

High Performance, Low Emissions: The Role of Thermomechanical Treatment in Tomorrow's Steel Industry

Speaker

Dr Bernd Linzer

15:00

Wednesday 21 October

08:30

Plenary Talk(s)

Session | **Location:** Room Österreich

08:30–09:00

The production of sustainable, high-quality thin sheet grades via the EAF route as a new challenge for the steel industry

Speaker

Dr Andreas Pichler

09:00

Thursday 22 October

08:30

Plenary Talk(s)

Session | **Location:** 1. Room Österreich

08:30–09:00

Impact of preheating and hot rolling on AA6016 sheet texture and formability

Speaker

Dr Josef Berneder

09:00
